Winemaking

The name of this wine, derived from the dialect word for "exquisite," highlights its exceptional quality. The careful vinification of Nebbiolo begins with a short cold maceration, followed by temperature-controlled fermentation at 16°C in stainless steel tanks. The wine then continues to mature in stainless steel before undergoing further refinement in the bottle.

Our tasting note

A delicate pale pink in the glass. The nose reveals a seductive bouquet of exotic fruits such as pineapple, mango, and passion fruit, harmoniously complemented by fine floral nuances that add extra depth to the wine. On the palate, it is light and refreshing, with a lively acidity that enhances its radiance. The perfect balance between fruit and acidity creates a harmonious, rounded mouthfeel.

Deltetto

The friendly and modest Antonio Deltetto took over the family business in 1977 and transformed the former trading cellar into a pure self-pressing operation. The winery now spans over 21 hectares of vineyards. The main focus is on the white superstar Arneis, but the Deltettos also show healthy ambition and great skill in red wines. Today, the children Carlo, Cristina, and Claudia continue the family tradition - in harmony with nature, as their grandfather Carlo (affectionately called "Carlin") taught them.
